

## CODING SHEET

accompanying the data reported on in the article “Anonymity and incentives: An investigation of techniques to reduce socially desirable responding in the Trust Game” by I. Thielmann, D. Heck, and B. Hilbig.

The following table summarizes the variables as included in the final data (containing all participants completing the study, i.e.,  $N = 1,267$ ). For the data including all participants who started the study (i.e.,  $N = 1,367$ ) see <https://osf.io/h7p5t/>.

Variable	Description
id	Participant number
condition	Experimental condition assigned to in the Trust Game (numerical; 1 = indirect questioning RRT, 2 = direct question hypothetical, 3 = direct question incentivized)
Condition.f	Experimental condition assigned to in the Trust Game (direct question hypothetical, direct question incentivized, indirect questioning RRT)
isRR	Dummy Variable coding whether participant was assigned to RRT condition (1) or not (0)
consent	Informed consent provided (1 = yes)
sex.f	Participants’ sex
age	Participants’ age
language.f	Participants’ German skills
education.f	Participants’ highest educational level obtained (in Germany)
status.f	Participants’ current status/job
studies.f	Participants’ field of studies
trust_rrt	Responses in the RRT version of the Trust Game (1 = [distrust & birthday in April or May] OR [trust & birthday <i>not</i> in April or May], 2 = EITHER distrust OR birthday in April or May)
trust_dq	Responses in DQ versions (hypothetical and incentivized) of the Trust Game (1 = distrust, 2 = trust)
Response	Responses in the Trust Game for all conditions (in both DQ conditions: 0 = distrust, 1 = trust; in RRT: 0 = EITHER trust OR birthday in April or May, 1 = [trust & birthday in April or May] OR [distrust & birthday not in April or May])

return_tg	Responses in the Trust Game in the role of the trustee (only applies to participants playing the hypothetical DQ version as a trustor)
time_trust	Response times for Trust Game
TIME001 – TIME007	Residence time on specific pages of online study
TIME_SUM	Total time for participation
